

StarBoard Solution Inc.

SBS Note Application User Guide

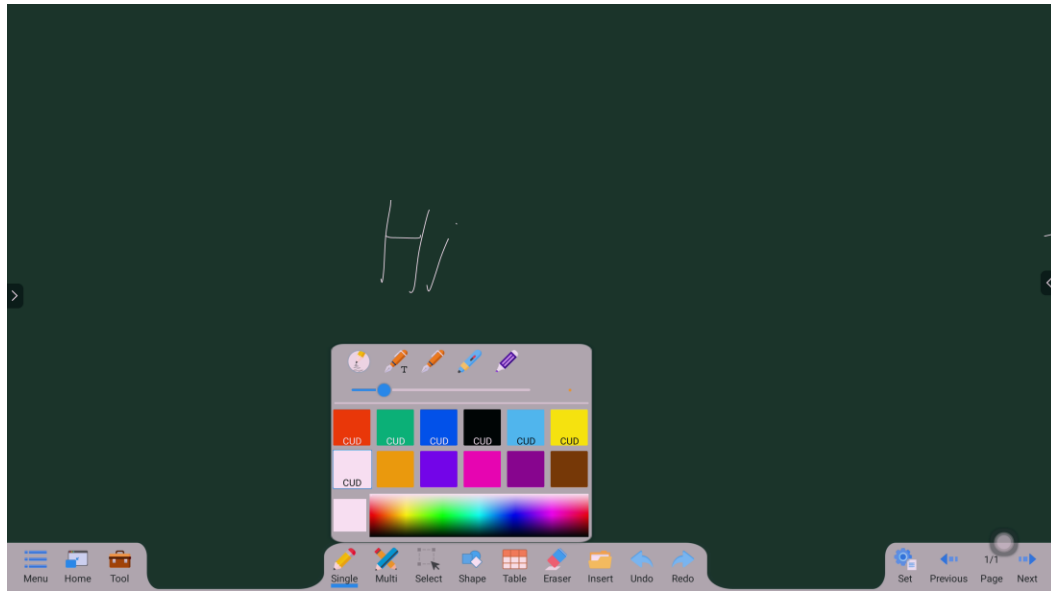

Basic 101

2022 Fall

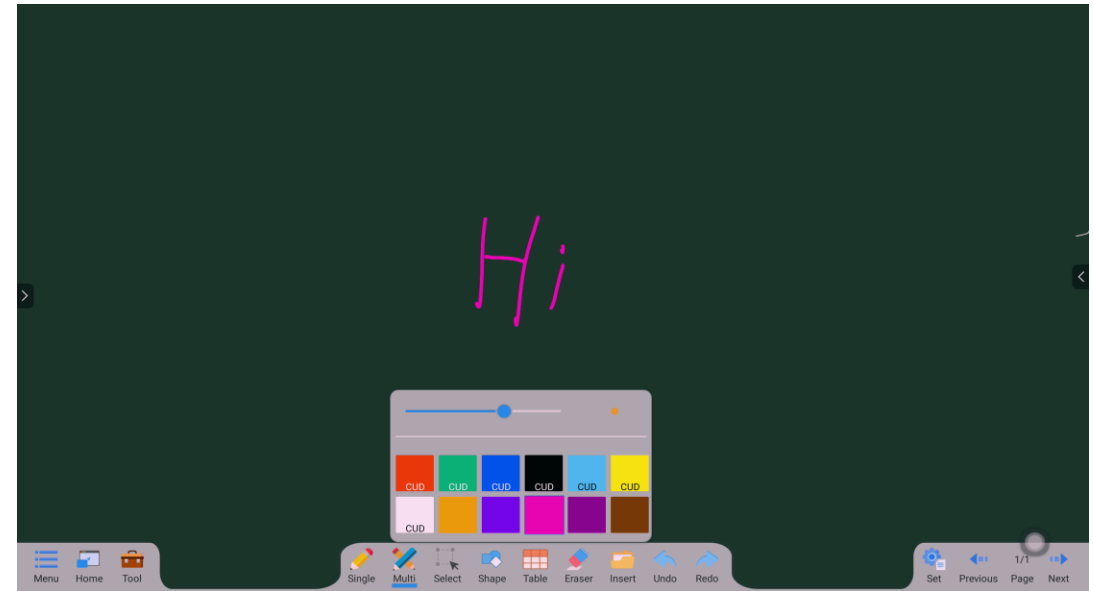

StarBoard[®]

Select Different Writing Tools & Colors

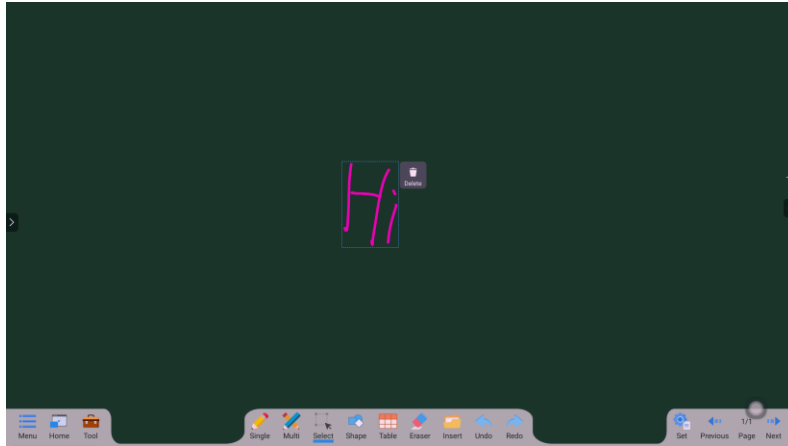

- Single use: one single finger can draw

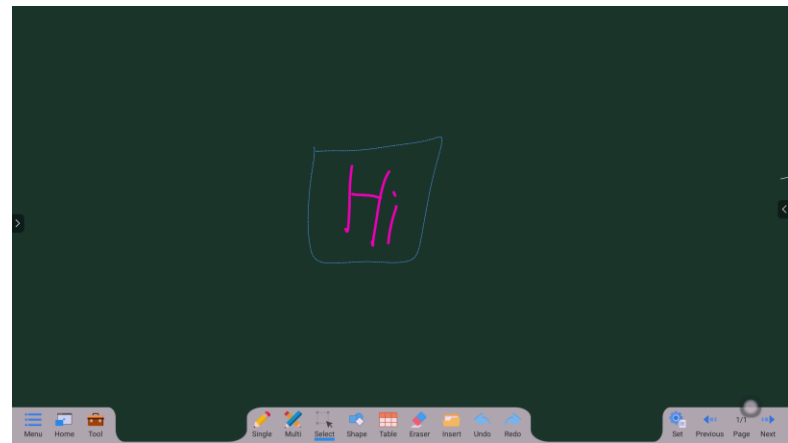

- Multi use: 10-20 multiple fingers at a time can draw

Select Tool

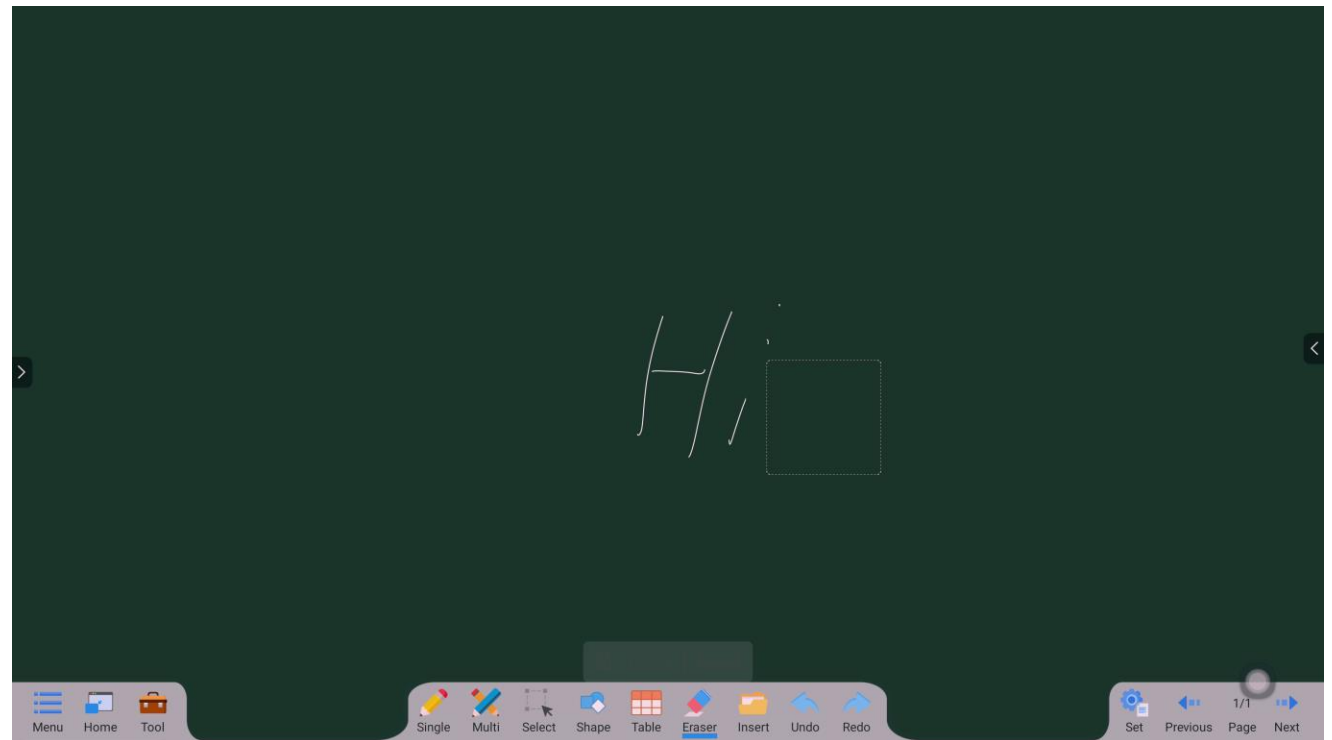

- You can select the area (text and/or picture) and move it

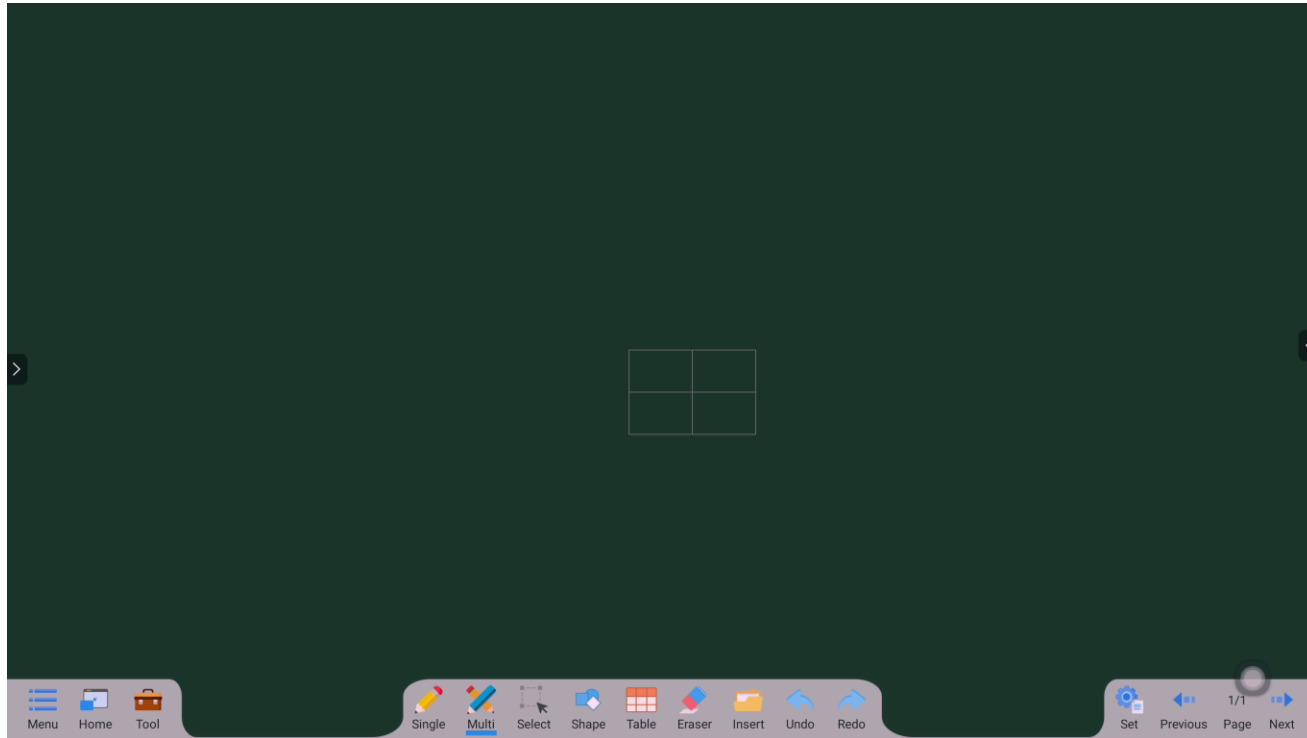

Eraser Tool

- Use your palm and the software will automatically recognize it as an eraser
- You can also use the eraser tool to modify the size of the eraser to use
- Or use the eraser tool to wipe the whole page out

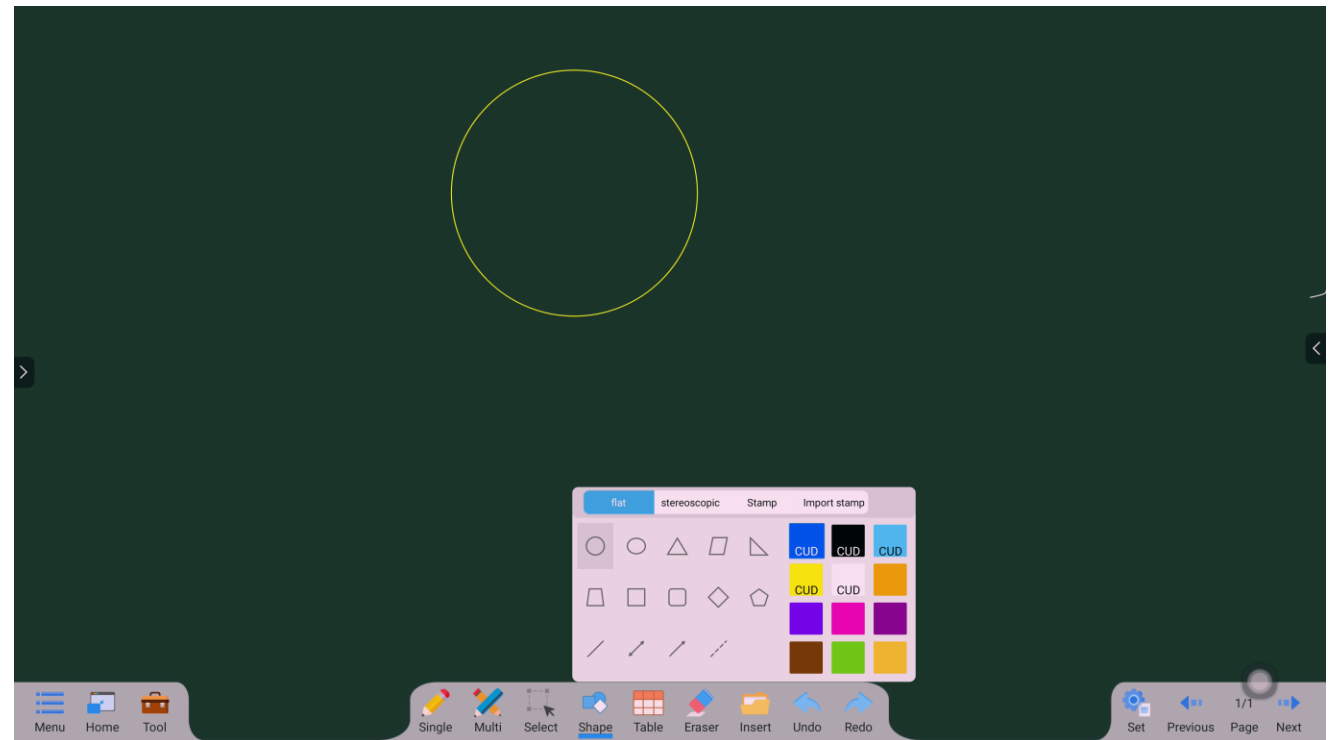

Insert Table

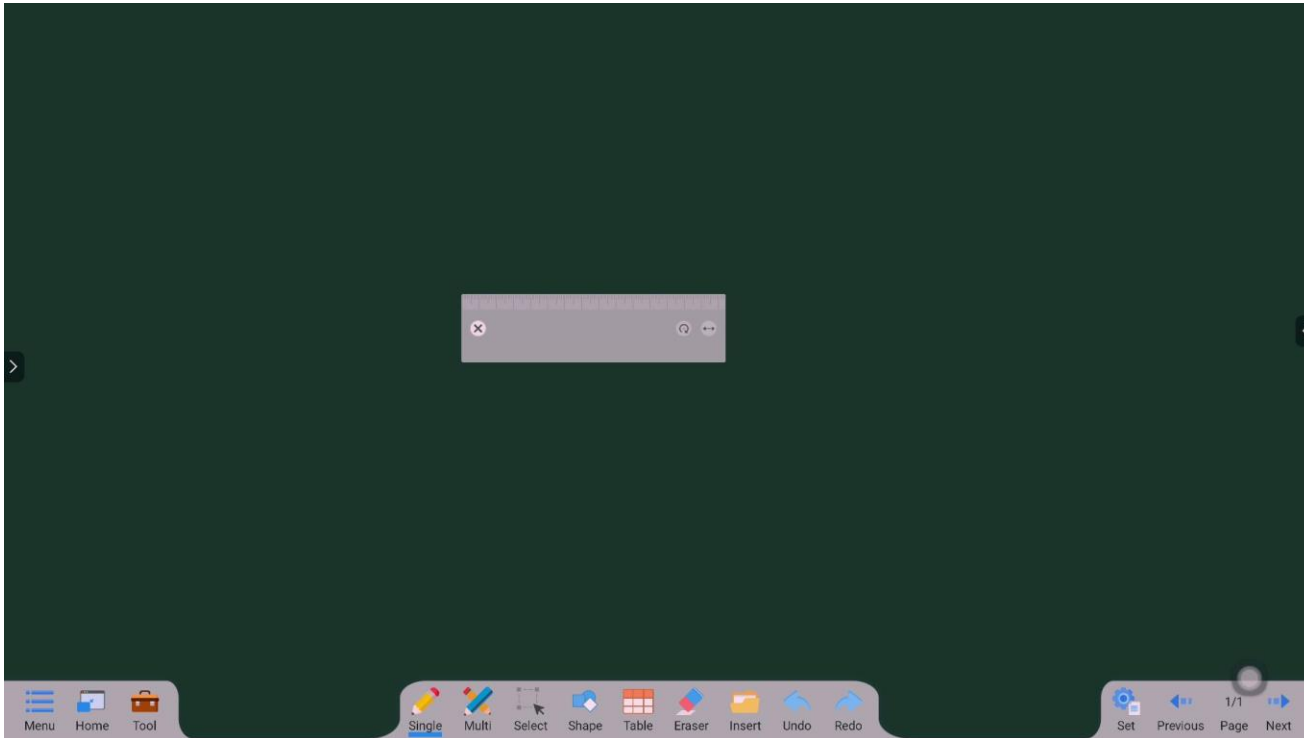

- You can insert a table from the “Insert Table” tool
- You can choose the size of the table, or you can modify it later
- Each box will automatically adjust to the size depending on what text or content you type in

Insert Shape

- Use the “Shape” tool to insert any type of shape you like
- You can also choose the color

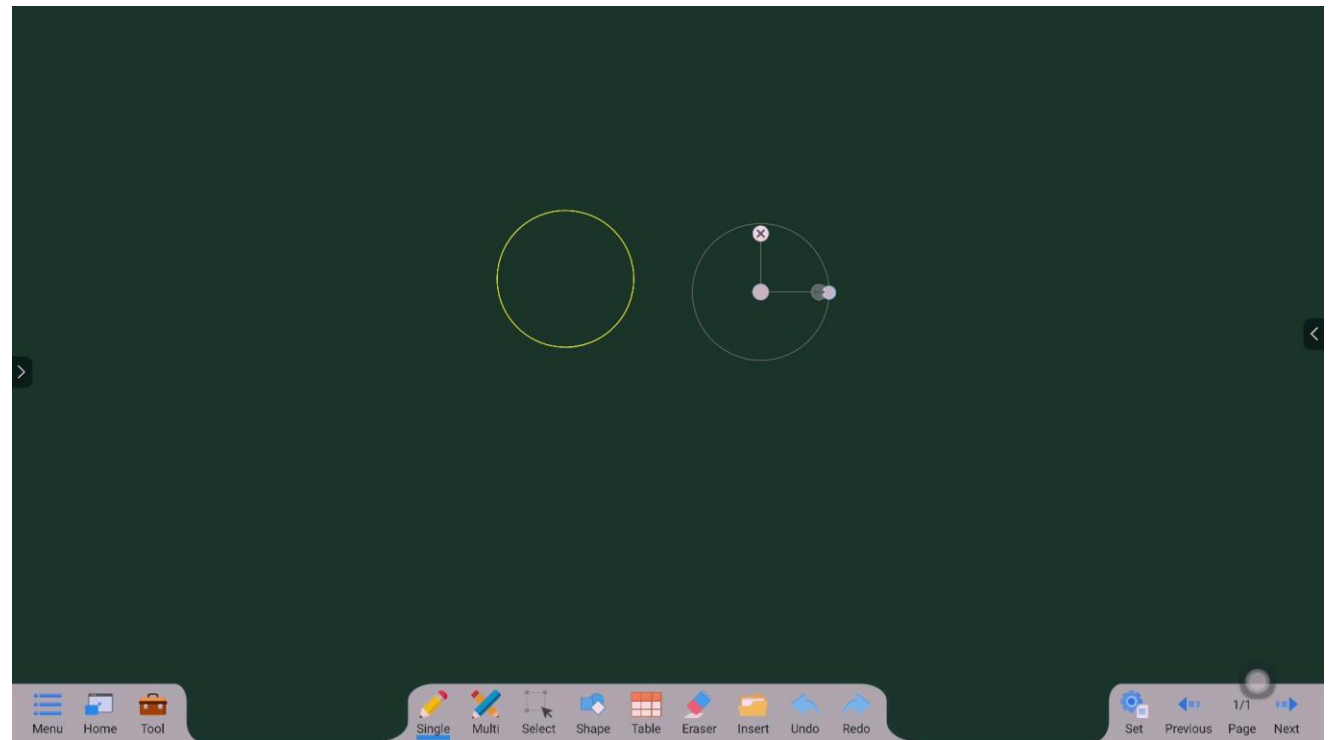

Ruler Tool

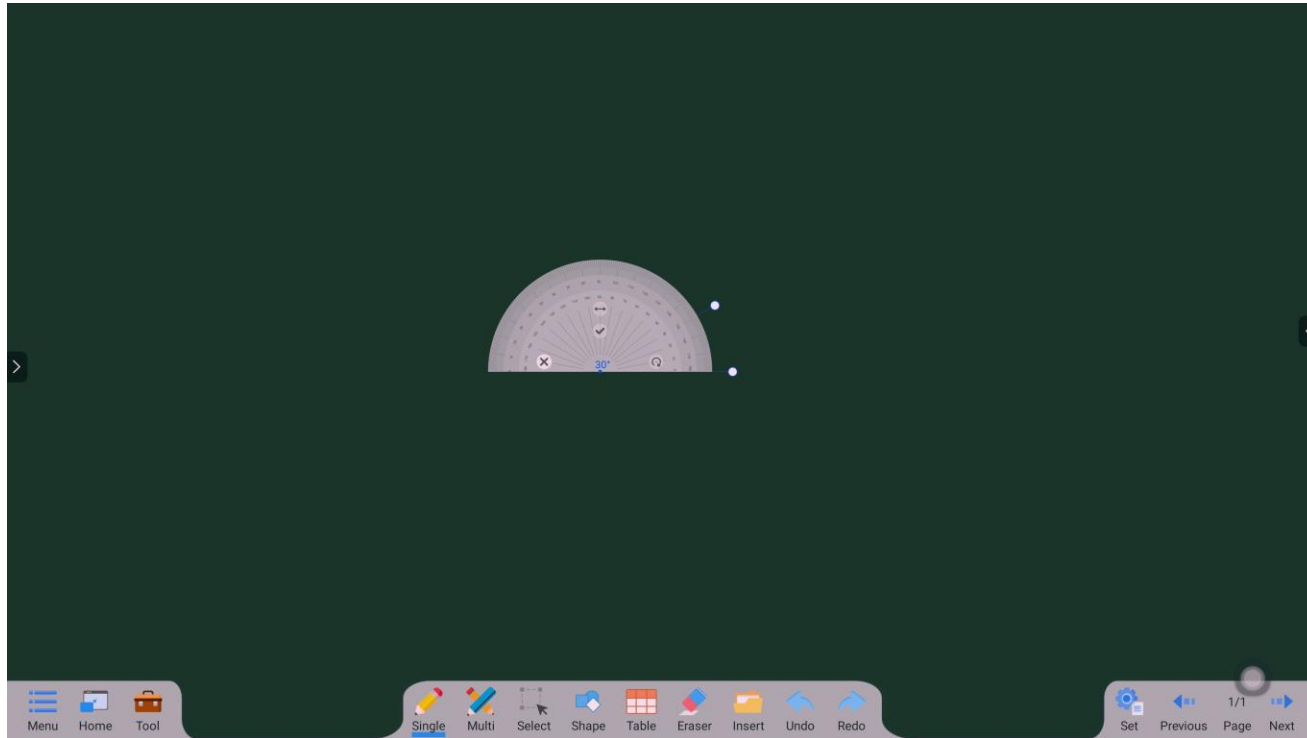

- Use the ruler tool to help measure or draw out a line

Compass Tool

- The compass tool can be used to create a circle easily

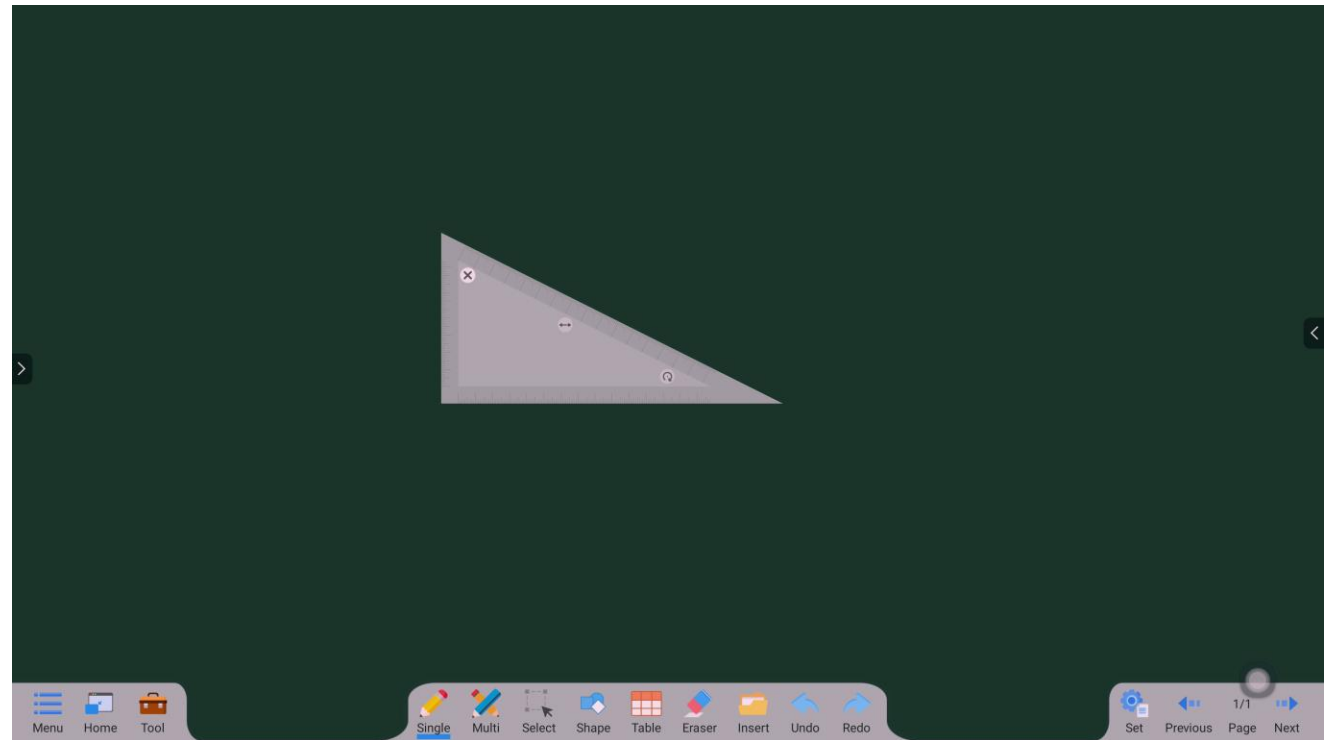

Protractor Tool

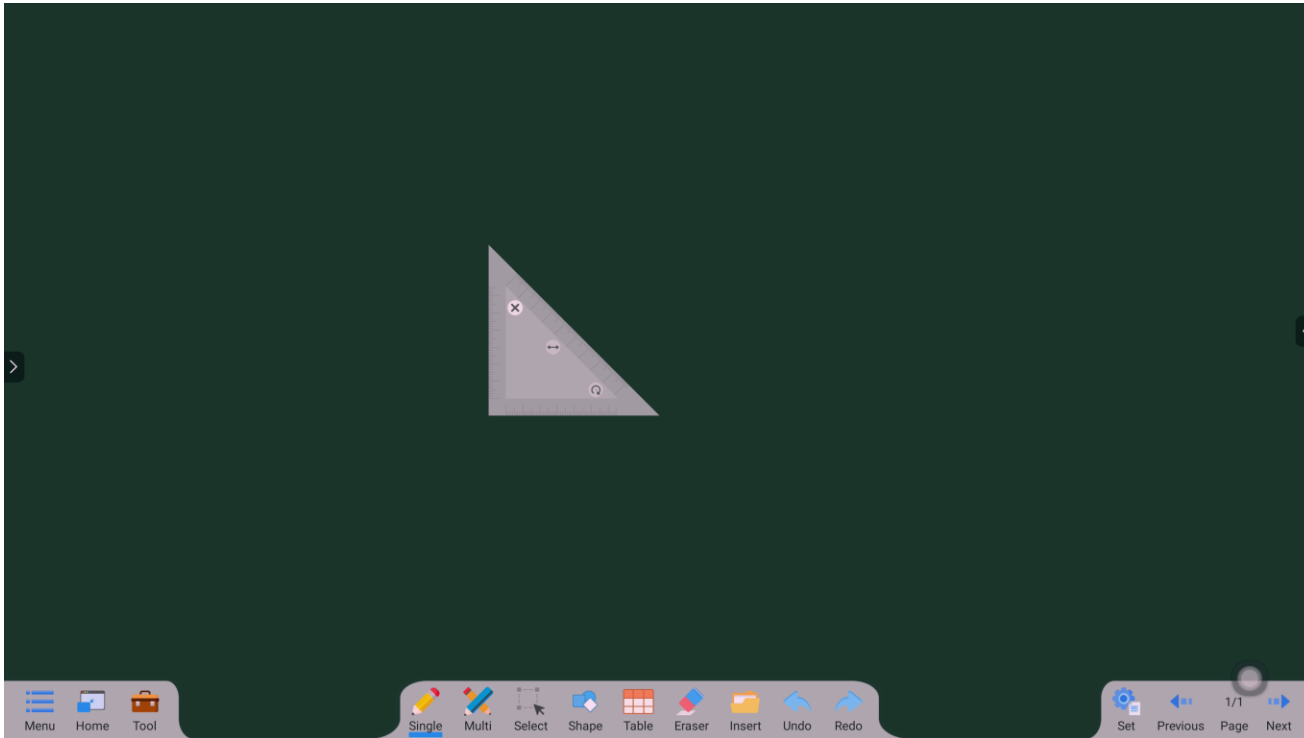

- Use protractor tool to draw and measure angles

Triangle Ruler Tool

- Use triangle ruler to draw accurate and angled lines

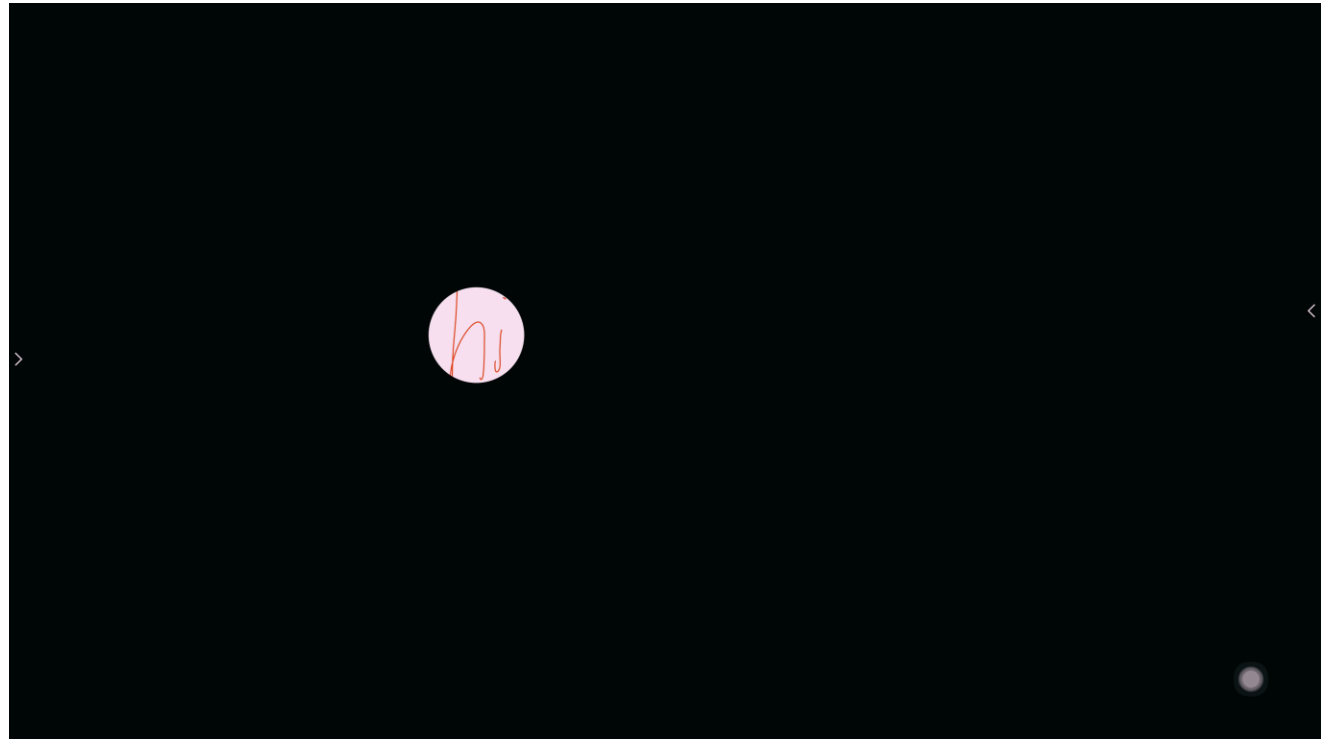

Isosceles Tool

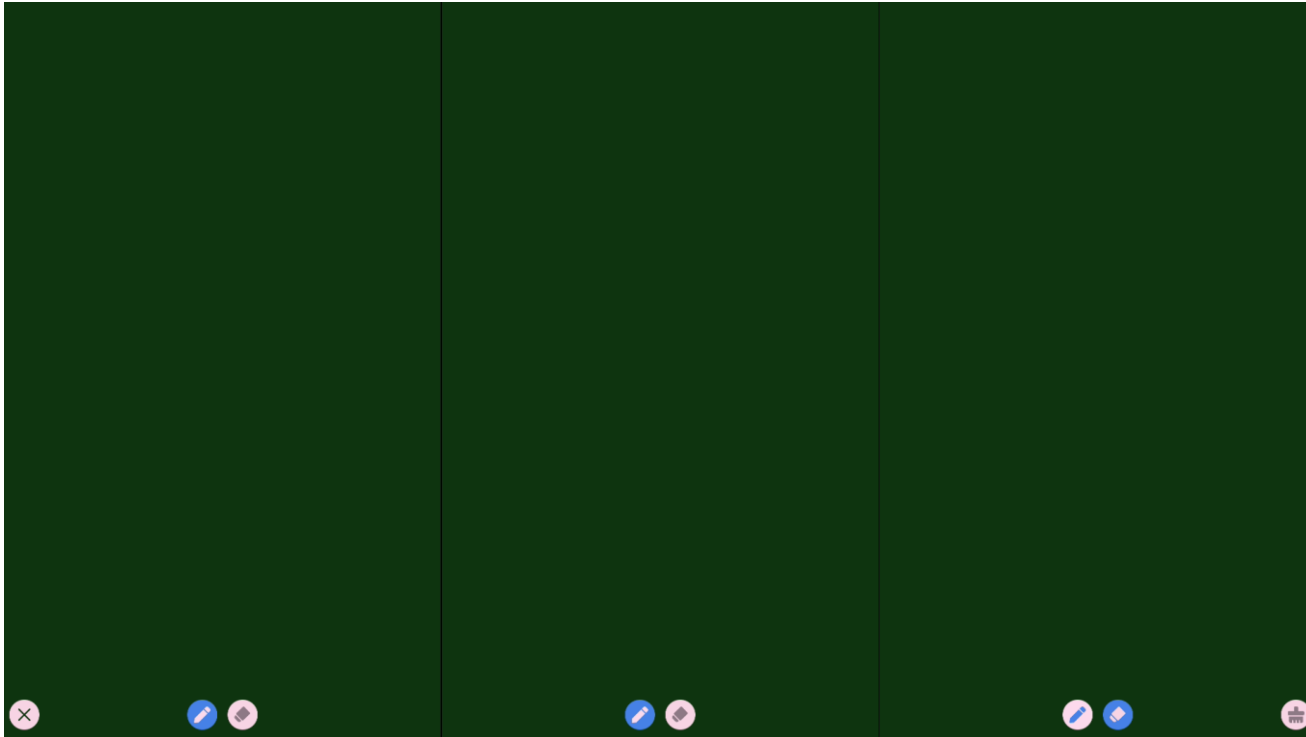

- Use the isosceles tool to help find the area, height, angles, perimeter, and many other parameters

Spotlight Tool

- The spotlight tool can be used to focus on a particular area of the board

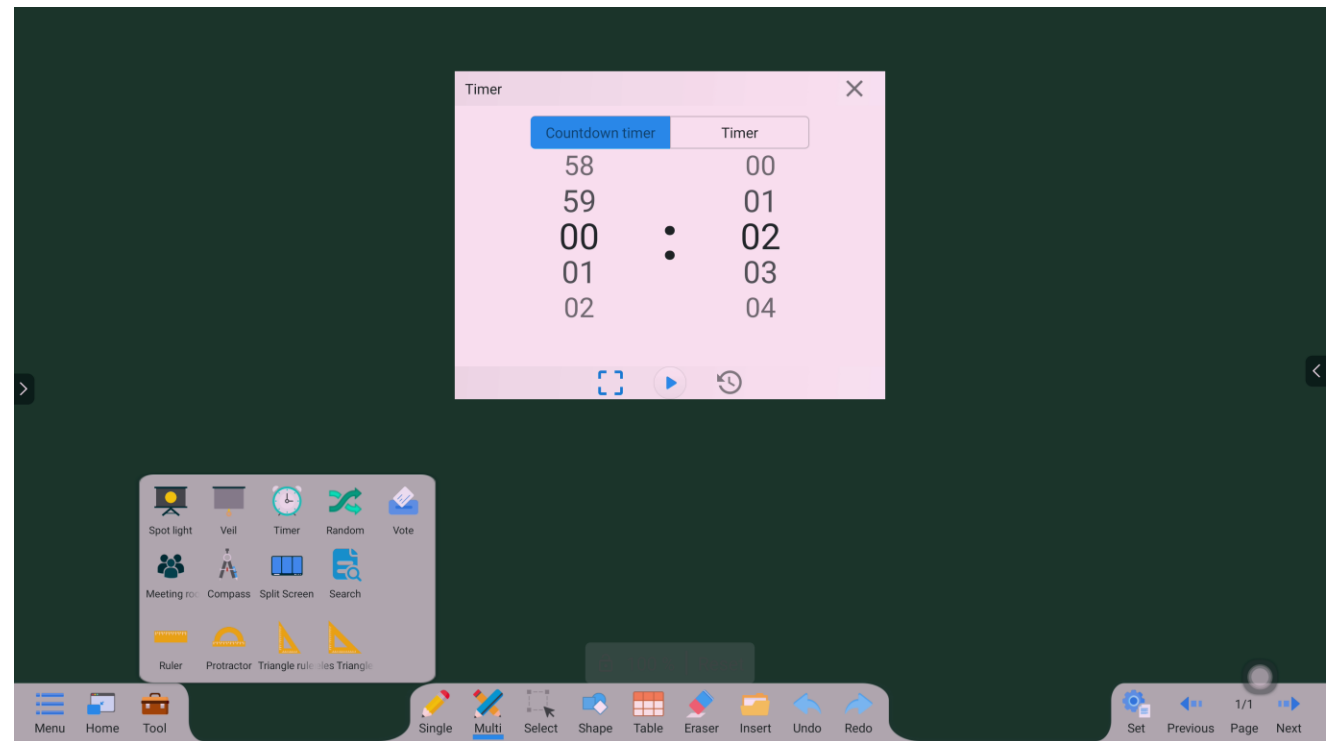

Split Screen

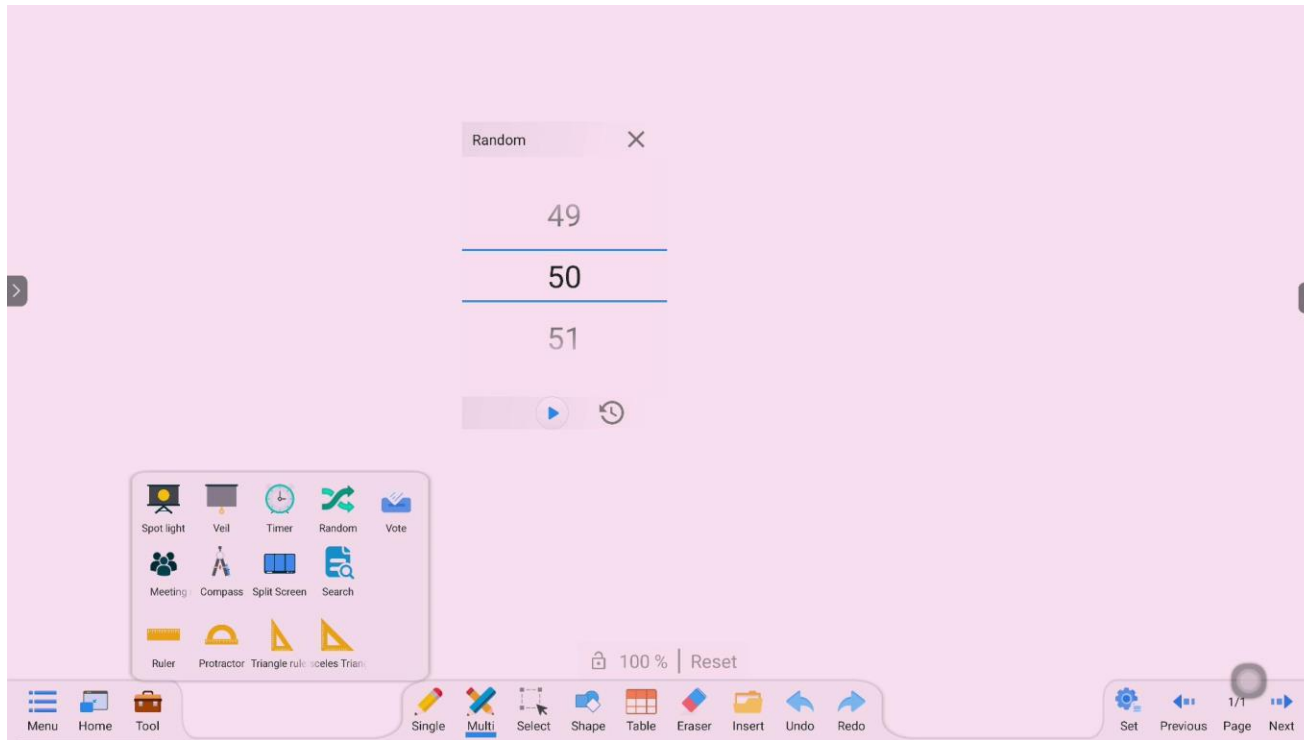

- Split 2-3 screens
- 2-3 people can write simultaneously on two to three separate screens

Timer Feature

- For a countdown, you can use the timer tool to insert a timer

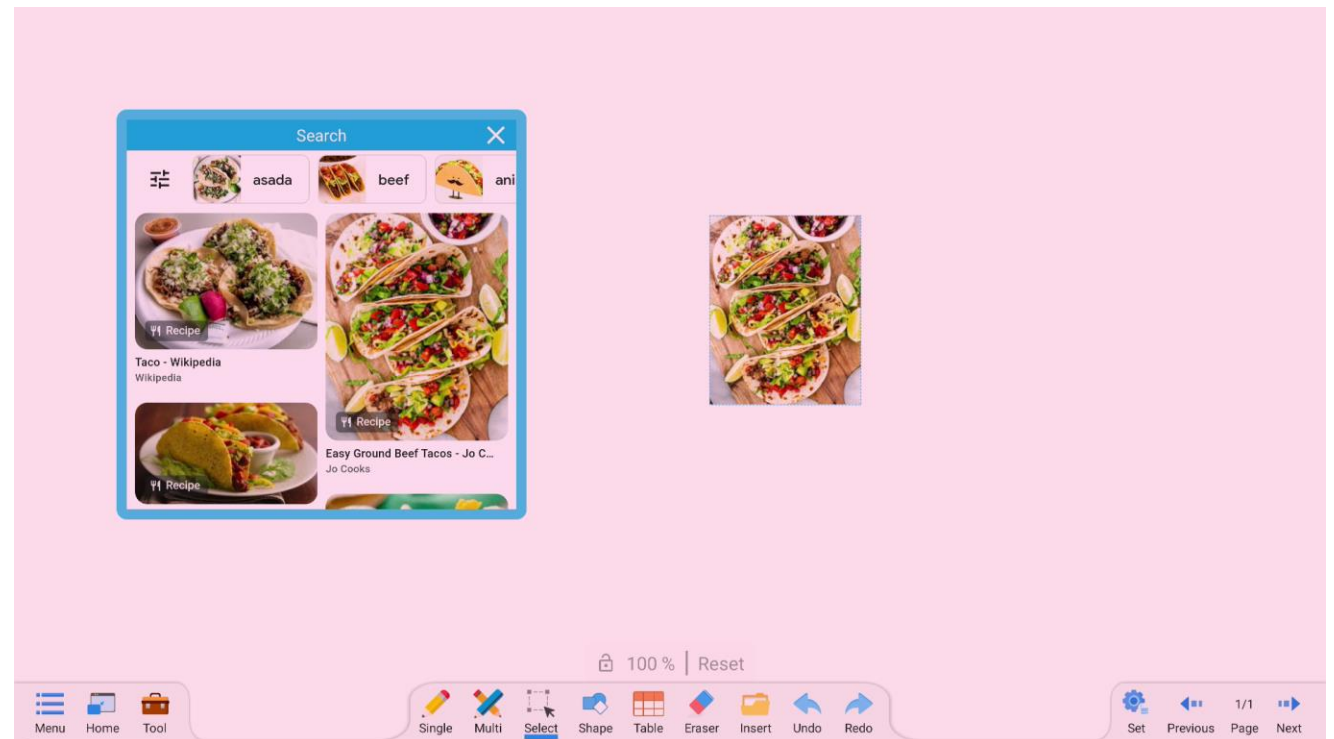

Random Tool

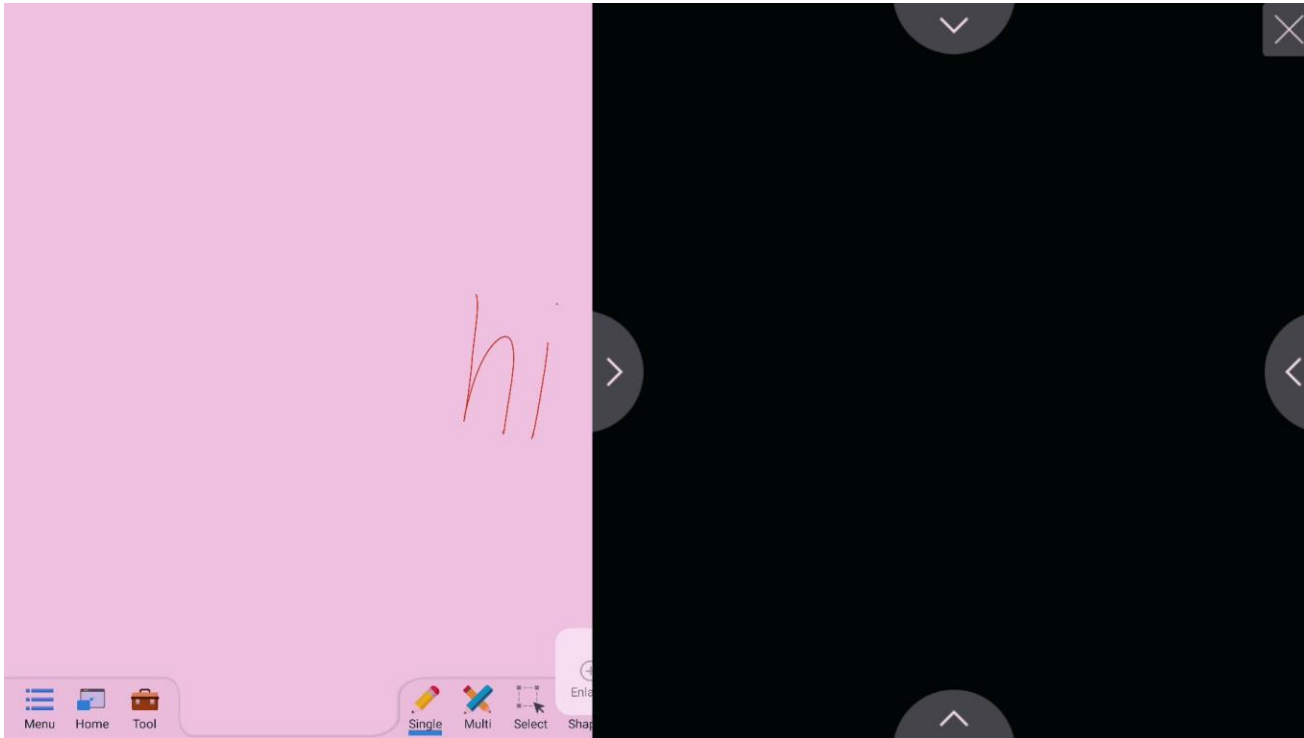

- Use the random feature to help you select a random number

Google Search & Add Photo

- The search option allows you to find anything you like
- Just click on the photo you want, and it will be automatically added to the board

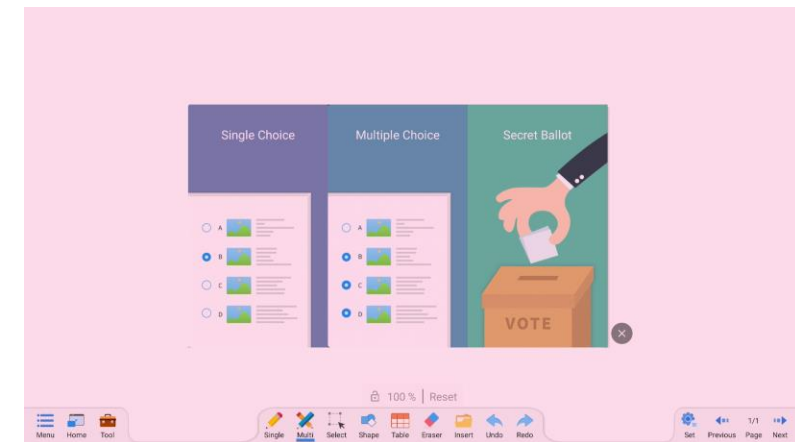

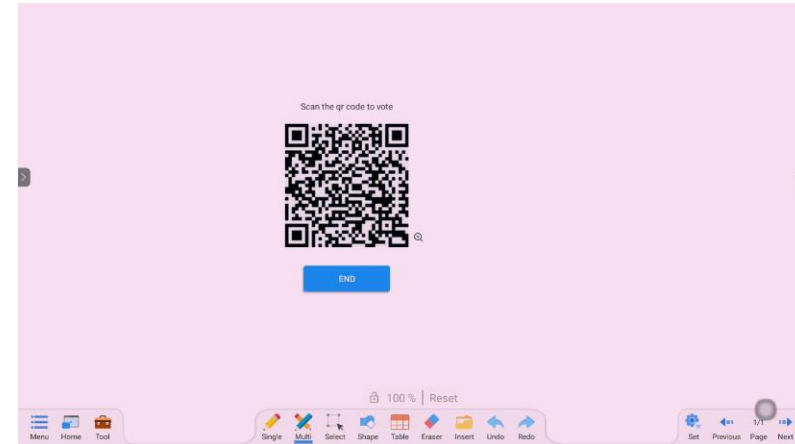

Veil Tool

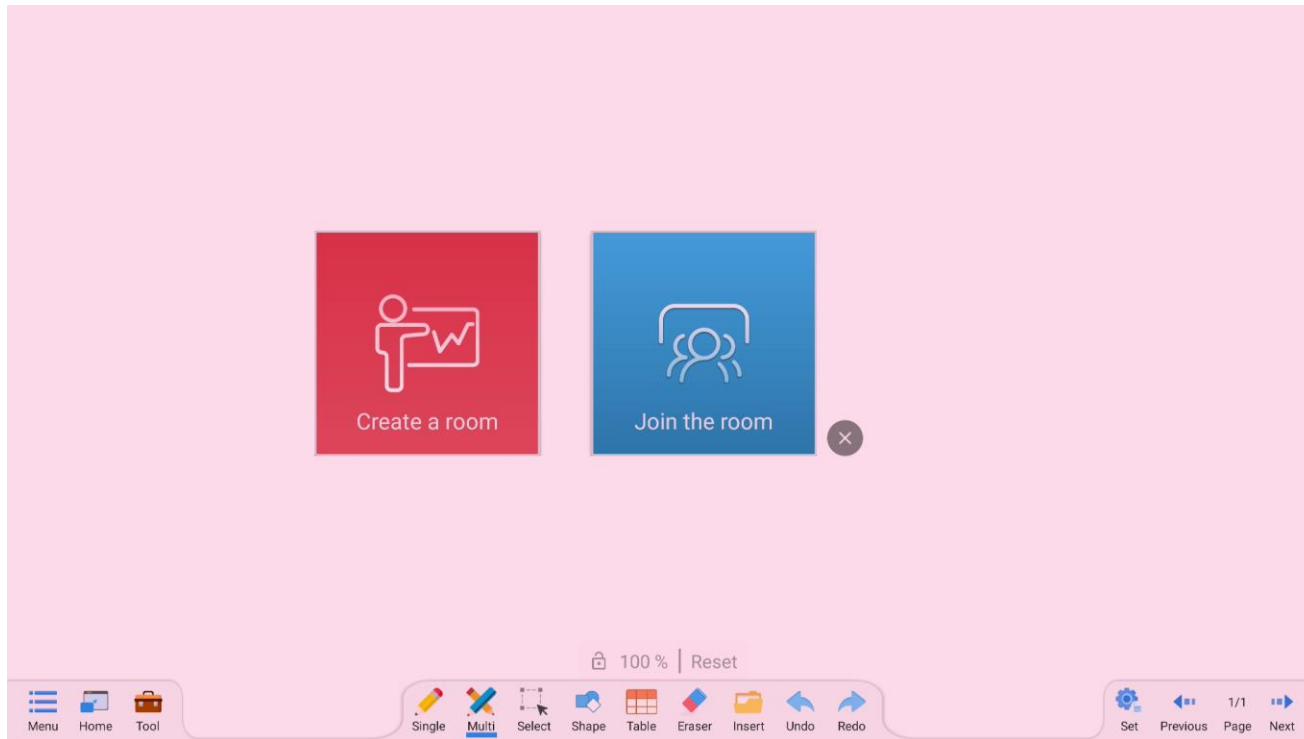

- Veil tool allows you to cover the screen
- You can reveal any parts of the screen by dragging the arrows

Vote Tool

- You can use the vote tool to scan a QR code and cast in a vote

Create a Meeting Room

- Create a meeting room or join a meeting room with the meeting tool
