

INTERACTIVE FLAT PANEL DISPLAY

TE-SN-75A

The features of infrared technology iFPDs:

Super Narrow frame

Modern super narrow frame design with 0.8" frame width.
Dismantled corners for easy maintenance.
Rounded corners, no sharp edges.

Sidebar Shortcuts

13 Shortcut buttons on each side for software functions such as Highlight Pen, Color Pen, Eraser, etc., give teachers and students quick and easy access to commonly used tools.

High Definition Resolution

High definition LED backlight panel, with 4K support.
The panel offers a wide view angle, to allow viewing the screen from different angles.

Multi-Touch

Multi-Touch supports up to 20 touch points. The latest in Infrared touch technology provides a faster and smoother touch experience.

Android Embedded

Easily accessible A/V port on front and side of panel.

OPS PC Module Slot (OPS optional)

Utilizes inner routing system slot, no need for additional cabling.

Strong Handle

To assist with installation (wall mount bracket included).

Build in Speakers

2 x 10w forward-facing build in speakers
